

## AD-HOC MESSAGE

### **LPKF Laser & Electronics AG has sold another MicrolineLaser**

The LPKF Laser & Electronics AG has sold another MicrolineLaser worth about 2 million DM. The system will be delivered in the business year 2002, to a company working in the area of medical sensors. From LPKF Laser & Electronics AG point of view this order confirms the strong chances of growth of ultrafine structuring based on the MicrolineLaser also in the area of sensor technology.
